

# Smarter Balanced RFP#11/Program Management

Program Management/Asset File from Asset Pool

## Script #: 14.0 UI- Choosing Asset File from Asset Pool

### Scenario: Program Management Assets/Asset Pool

**Purpose: Choose Asset File from a common pool of assets/Asset Pools page**

### Version Control

Version #	Date	Author	Description
1.0	08/21/2013	Sujatha Kandikonda	Initial Draft
2.0	09/30/2013	Ryan Marinello	Review

## Test Scripts

### Script Description

As an Asset Administrator, I would like to pick my Asset File from a 'common pool' of assets, so I do not have to upload previously uploaded assets

### Testing Requirements

This test scenario covers the following high-level test requirements (see scripts below for specific requirements covered by each test script):

- PRPM.1.2,PRPM.1.3

## User Groups

**Asset Administrator**

## Smarter Balanced /Program Management

Program Management/Add a property

### Script 14.0 Assets/Asset Pool Setup

Program Management is operational and MongoDB is connected

QA staff has either a Local or Cloud environment deployed for testing to interact with UI.

QA Staff must also have a REST Client available to perform tests with verb GET, POST, PUT or DELETE

QA staff must test the script on Internet Explorer 8+ (Windows), Firefox 8+ (Macintosh, Linux & Windows), Safari 5+ (Macintosh), Chrome 16+ (Macintosh, Linux & Windows)"

#### Teardown

- None

#### Script Steps

Step #	Test Action	Expected Results
1	Access PMI ( <a href="http://localhost:8080/rest/assetPool">http://localhost:8080/rest/assetPool</a> ) and click the "Asset Pool" button	Interface should open and should have an option to choose asset file from asset pool
2	Repeat Step 1 on Chrome, Firefox, IE, Safari browser	Interface should open up and it should be similar across all browsers
3	Select Tenant to which the asset file needs to be associated	Selected Tenant should get displayed with ability to choose and upload files
4	Click button to choose files	Asset file should get displayed with image, size and name of the file
5	Click button to Cancel the Upload	Selected file should get cleared out
6	Choose the file by click on button to choose files	Asset file should get displayed with image, size and name of the file

## Smarter Balanced RFP#11/Program Management

### Program Management/Asset File from Asset Pool

7	Click on button to upload the file	Uploaded file should get displayed under Preview with name and image of the file with button to delete the file
8	File also can be loaded by drag and drop	System should allow to upload the file by drag and drop
